Discussion:

SEN. MCGEE asked **Valencia Lane, Legislative Branch**, where in the bill the section that needed to be amended in **SEN. ESP's** bill that also needed to be amended in the Public Defenders bill. **Ms. Lane** responded that there was an amendment which had been prepared by Sheri Heffelfinger for SB 35 to coordinate it with HB 146 should both bills pass. The proposed coordination amendment was distributed to the Committee and is attached as Exhibit 1.

Ms. Lane explained to the Committee that should HB 146 pass SB 35 would die. She then discussed what would happen if HB 146 were amended during its passage through the two bodies and the possibility that they would not want to terminate SB 35. She further explained that it was up to the Committee whether or not to add the coordination language to SB 35 now or wait and see what happens in the first half of the session and then craft a different coordination amendment at that time.

CHAIRMAN WHEAT asked **Ms. Lane** what her advice would be. **Ms. Lane** referred to the memorandum prepared by Sheri Heffelfinger, which was distributed to the Committee and is attached as Exhibit 2. She went on to say that Ms. Heffelfinger recommended that the amendment be put on the bill, therefore, she would also recommend that the amendment be added. She concluded by stating that the Committee needed to watch the progress of the bill.

SEN. MCGEE asked **Ms. Lane** if the entities that use anhydrous ammonia in small quantities in the course of their business going to be insulated from the bill. **Ms. Lane** replied that the intent of the amendments was to protect those entities. She then pointed out with the amendment there was no longer any reference to the amount of anhydrous ammonia and the fact that you had to be possessing it with the intent to manufacture dangerous drugs.

CHAIRMAN WHEAT stated that the way he understood the amendment it made it clear that if the possession was for any lawful purpose the statute would not apply.

SEN. SHOCKLEY discussed language that indicated that if a person had two chemicals in his possession which were used in the manufacture of methamphetamine it made the intent clear. He went on to inquire if that was not sufficient.

CHAIRMAN WHEAT referred to Page 3 and indicated that was where the bill dealt with the combination of chemicals.

She continued saying that **Mr. Gilbert's** amendment would have made any articles left in a vehicle subject to the lien.

SEN. MANGAN indicated that he had a concern regarding leased equipment and as such had offered to sit down with Mr. Gilbert's people to discuss all of the issues and asked if they could postpone Executive Action until another day.

SEN. CROMLEY asked **SEN. MANGAN** to take **SEN. ELLINGSON'S** amendment with him when he went to discuss his concerns with **Mr. Gilbert** and his people.
